Section 1: Definitions

"Insured Vehicle" means the vehicle identified on the Declarations Page of this policy.

"Comprehensive Coverage" means coverage for loss to the Insured Vehicle caused by something other than collision, including but not limited to fire, theft, vandalism, falling objects, hail, windstorm, flood, and contact with an animal.

"Collision Coverage" means coverage for loss to the Insured Vehicle caused by collision with another object or vehicle, or by upset of the Insured Vehicle.

"Named Driver" means any individual specifically listed as a driver on the Declarations Page of this policy.

Section 2: Covered Perils - Comprehensive

Subject to the terms of this policy, we will pay for direct and accidental loss to the Insured Vehicle caused by: fire; theft or larceny; windstorm, hail, or earthquake; flood; vandalism or malicious mischief; falling objects; contact with a bird or animal; and glass breakage not resulting from collision.

Hail and windstorm damage, including denting of the hood, roof, trunk, or body panels, is covered under Comprehensive Coverage subject to the applicable deductible shown on the Declarations Page.

Section 3: Covered Perils - Collision

Subject to the terms of this policy, we will pay for direct and accidental loss to the Insured Vehicle caused by collision with another vehicle or object, or by upset, regardless of fault, subject to the collision deductible.

Section 4: Exclusions

This policy does NOT provide coverage for: (a) loss occurring while the Insured Vehicle is operated by any person who is not a Named Driver and does not hold a valid driver's license; (b) loss occurring while the vehicle is used to carry persons or property for a fee (e.g. ridesharing or delivery services) unless a Rideshare Endorsement is attached; (c) loss due to wear and tear, mechanical breakdown, or road damage to tires; (d) loss occurring while the vehicle is used in any organized racing or speed contest; (e) intentional damage caused by the policyholder or a resident of the policyholder's household; (f) loss or damage occurring outside the United States and Canada unless otherwise endorsed.

4.1 Unlicensed or Unauthorized Driver Exclusion: Any claim arising from an accident where the vehicle was being operated by a person without a valid license, or without the express permission of the policyholder, is excluded from coverage under this policy.

Section 5: Theft Claims

In the event of theft of the Insured Vehicle, the policyholder must file a police report within 24 hours of discovering the theft and provide the claim number and a copy of the report to us. Payment for a stolen and unrecovered vehicle will be based on the actual cash value of the vehicle at the time of loss, less the applicable deductible.

Section 6: Required Documentation for Claims

To process a claim, the policyholder must submit: (1) a completed claim form; (2) photographs of the damage; (3) a copy of any applicable police report; (4) a repair estimate from a licensed body shop; and (5) proof of ownership (vehicle registration or title).

Section 7: Claims Process

Upon receiving a completed claim submission, we will assign a claims adjuster who will review the submitted documentation, may request an in-person or virtual inspection of the damage, and will issue a coverage determination within 15 business days of receiving all required documentation. All coverage determinations are subject to review and final approval by a licensed claims adjuster.

Section 8: Deductibles

The Comprehensive Coverage deductible and Collision Coverage deductible are shown separately on the Declarations Page and are subtracted from the covered loss amount prior to payment.
